

# JangoMail

## The From Email Address Decision

Start

**Option 1:**  
Default From e-mail address is  
[username@jangomail.com](mailto:username@jangomail.com)

I have administrative control over my domain name and can add an entry to the DNS server.

Yes

Use **Option 2\*:**  
[Branded Sub-domain](#)

No

Do you want JangoMail to be able to automatically process unsubscribe requests and filter out messages with viruses?

Yes

Use **Option 1:**  
Default

No

Use **Option 3:**  
[Make the From E-Mail address an editable field.](#)

Finish
