Remember the following requirements (contact [Support](#) for assistance):

1. If you send from a non-jangomail.com domain, you must ensure that abuse@domain and postmaster@domain are valid e-mail addresses and that complaints sent to these addresses are responded to within 5 business days.
2. If you send from a non-jangomail.com domain, you must ensure that there is an Abuse.net (www.abuse.net) listing for every domain.
3. If you send from a non-jangomail.com domain, you must create and maintain a valid SPF/SenderID record for your domain that grants JangoMail permission to send for your domain. For more information on how to setup the record, see [this document](#).
4. Make sure your emails are signed with DomainKeys/DKIM. For information on how to set this up, see our tutorial on [Configuring DomainKeys/DKIM with JangoMail](#).
5. You must set up and use a custom tracking domain. For information on how to do this, see our tutorial on [Custom Tracking Domains](#).
